AUDITOR'S REPORT

We hereby certify that we have examined the Town accounts and have audited them as required by the New Hampshire Department of Revenue Administration, Municipal Services Division. These accounts were correctly cast and properly vouched.

LAKES REGION PLANNING COMMISSION - 1986-87

Last year the Lakes Region Planning Commission increased the amount of zoning, subdivision facilities and other local planning services provided to member communities and broadened its scope of regional projects in transportation, historic preservation, land use planning, environmental protection, ground water and shared services. These increases were possible due to efforts initiated two years ago to enhance the agency's position to deliver consistent, quality professional services at reasonable cost. These same efforts, concerns and commitments still exist. Thirty of the eligible thirty-two municipalities in the region are now members of the Commission.

Local Assistance

Rapid local and regional growth issues continued to dominate and challenge town officials who must sort out the complex ramifications of development. As a result, more time and effort was spent by the LRPC in providing draft and sample texts, data, guidance, maps and other vital information relative to growth management to town officials than any other activity. The Commission, for instance, has worked with several communities on capital improvement programs, helping Gilford, Laconia, Freedom and Gilmanton with collecting and compiling necessary data, and consulting with Wolfeboro, Alton and Moultonborough on capital improvement program procedures. It has also completed a master plan for Freedom, a land use watershed capability analysis for Franklin and comments to Sanbornton on an innovative transfer of development rights idea to protect agricultural lands. High on the agenda of many communities are the updating of master plans, the preparation of capital improvement programs and the revision of subdivision regulations and zoning ordinances.

LRPC's inventory of municipal inquiries for assistance reflects a lively concern with these matters as well as with ground and surface water resources, drainage, road standards, non-residential development, interpretations of the state statutes on planning, and a broad range of other queries relating to wetlands protection, socioeconomic impact statements, preservation of historic structures and planning board procedures.

The potential traps in the planning process are many, and communities are becoming increasingly aware of their vulnerability to (a) the consequences of unmanaged growth, and (b) the legal complications arising from uninformed actions and procedures. For these and other reasons, the Commission continued to sponsor in the region the annual Municipal Law Lecture Series organized by the N.H. Municipal Association.

The idea of being a broker of shared services is not uncommon to regional planning agencies. Over the last year two "circuit-rider" planners were recruited to serve some of the planning needs of Belmont, Alton and Franklin. This technique could be used elsewhere and other town officials have asked about shared town administrator, engineering and code enforcement assistance in addition to planners.

Regional Planning

Local transportation efforts received a boost through the LRPC as additional funds were secured from the N.H. Department of Transportation to assist in the development of a continuing, coordinated and comprehensive regional transportation program. The Lakes Region Baseline Transportation Report compiled historic state and local traffic and road data and assembled them in one place as a handy reference in the first phase of the region's transportation program.

Guided by a multi-municipality committee, areawide transportation efforts are becoming an attractive alternative for local towns interested in updating their local road plans as well as discussing common problems of area and state road systems. At last count, the communities of Hill, Meredith, Ashland, Gilford, Laconia, Belmont, Franklin, Wolfeboro and Tilton are still active, guiding participants in this regional effort. Future efforts include the purchase and use of traffic counters, analyzing maintenance and improvement costs through the state Highway Block Grant and more involvement with traffic impact studies.

The environment, especially water quality protection, received a major boost. The six communities of Sandwich, Centre Harbor, Meredith, Gilford, Moultonborough and Alton banded together through the LRPC to hold the area's first household hazardous waste cleanup. With assistance from many volunteers, two thousand gallons of toxic household chemicals were removed from households in a well-publicized effort educating people to the hazards of certain common household chemicals. This open process was so appreciated that it will be repeated next spring. All area towns are eligible to participate in these regional cleanups. In addition, regional interest in cooperative solid waste management activities is being re-kindled for future agendas.

The Commission released the 1987 Regional Land Use Plan; a comprehensive analysis of major land use changes in the region over the last ten years. Twenty municipalities were scrutinized very closely in this study for changes in residential, forest, commercial, industrial, transportation and agricultural land uses. Twelve other towns were grouped in a rural characteristics category and given the same analysis. The document provides a basis which staff use to suggest changes to local master plans and land use regulations. A detailed regional housing characteristics study will be undertaken in the near future.

General

Six major program areas define the scope of services of the Lakes Region Planning Commission: Administrative Services, Regional Planning, Local Planning Assistance, Economic Development, Transportation and Environment. As is well known, federal funding sources are far scarcer today than in past years. Since a statutory requirement remains to deliver certain services, the LRPC will continue to seek all possible State support and will set community dues at a minimum level consistent with assurance of quality services.

For the first time in many years the Commission entered and ended a fiscal year with positive fiscal balances. This has primarily resulted due to a proud sense of public duty by staff to handle the work load without regard for significantly heavy and uncompensated overtime, as well as the steadfast - and increasing - support from members. In response to continued strong local demands for assistance, the agency revised its personnel policies to attract motivated, high-quality professional staff. At the end of the year, seven full-time and one part-time people were employed by the Commission to implement basic responsibilities to members. In addition, new tools such as high-speed micro-computers and a diazo machine were implemented to enhance overall productivity.

Conclusion

That the region's communities are firmly oriented toward sound land use and growth management is reflected by the number which already have land use ordinances and by the activity of others to complete and update the process. But successful planning and growth management require solid citizen support. That support is provided through the town budget that must be nurtured every day of the year. It was also stated in another way last year by a current Commission Co-Chairman:

"The quality of growth management must be viewed in the context of financial support. A good plan and an effective planning process will cost more than a poor process. Good planning requires countless hours of volunteer involvement with professional backup. Some key planning recommendations, in turn, will inevitably succeed only through public expenditure...New approaches to planning will be successful only to the extent that the public is involved. The public will want ideas that help support their goals but also ones where costs appear to be justifiable."

This year's request for town financial support achieves the overriding objective of the LRPC to provide quality planning services at justifiable cost. And the costs to operate the agency in a manner commensurate with the demand can be reasonable when they are shared through the instrumentality of a regional planning entity such as the LRPC.

MEREDITH PUBLIC HEALTH NURSING ASSOCIATION

1987

Once again I would like to take this opportunity to express my sincere thanks to the residents and elected officials of the Town of Centre Harbor for their continuing strong financial support to our agency. Without your generosity I can honestly say that the operations of this organization would be severely curtailed. I am sure you are all aware of the effects that federal cuts in medical programs have had on providers of health care and individuals.

Staff: June Plummer, R.N., Director; Jane Kiah, R.N.; Craig and Steve Walton, R.P.T. Judy Stoecklin, CCC-SLP; Gail Pelczar and Myrtle Hazeltine, Sec./Bkpr. New staff member, as of August, 1987, Marylin Kimball Varney, A/HH.

Board of Directors: Raymond Hutchins, Pres.; Rev. Glenn Rice, Vice-Pres.; Mary Whitcher, Treas.; Ellen Burns, Sec.; Beverly Bacon, Mary Davis, Preston Eames, Patricia Hines, Charles Rouvalis. New board member from Centre Harbor, as of April 1987, Yvonne Hale. Honorary board member-Ruth L. Larsen.

Services in Centre Harbor during 1987:

- 227 R.N. Home visits
- 7 Weekend visits
- 70 Physical therapy visits
- 117 Home health aide visits
- 167 B.P. readings at monthly clinic

Memorial gifts were received in memory of Margaret Spencer, Neil Hurwitz, Reta Willey, Thomas B. Graf, Esther L. Pickering, Constance M. Dyer, John R. Nelson, Marilyn Morrison, Donald Godfrey, Edith M. Rollins, Keith H. Ellis, Jennifer Bardell, Walter Milliken, Byron Estes, Ruth Pattern, Dr. Donald W. Ash, Clyde Prince, Mildred Howe, Jesse P. Allen, Ruth Amabile, Sydney Batchelder and Florence W. Davis.

Meredith Public Health Nursing Association is a Medicare Approved and State Licensed Agency that provides Skilled Nursing, Physical Therapy, Speech Therapy and Home Health Aide services to the residents of Meredith and Centre Harbor.

Our "loan closet" was extremely busy this year. Added equipment donated by individuals and organizations was put to very good use-thank you one and all. This thank you is also extended to everyone that supported us with their donations, memorial gifts and response to our annual fund drive. Your thoughtfulness is very much appreciated.

INTER-LAKES DAY CARE CENTER AND NURSERY SCHOOL

The year 1987 was a very busy year, and will long be remembered as the year the pipes froze in February on Washington's Birthday.

During 1987 the Inter-Lakes Day Care Center served 166 children from 125 families. The total number of children served rose another 13% from the previous year due to the great number of working mothers. The Inter-Lakes Day Care Center, Inc. is a private, non-profit, fully licensed, tax-exempt child care program incorporated in October 1971, and governed by a volunteer Board of Directors comprised of community citizens and parents. Our school is open on a year-round basis from 6:30 am to 5:30 pm, making it possible for parents to maintain employment. As a participant in the New Hampshire Child Care Food Program sponsored by USDA 9,618 hot lunches, 2,703 breakfasts, and 18,581 snacks were served during the year.

Our goals and primary responsibilities to working families are to provide a stimulating atmosphere with a program of social, emotional, physical, and cognitive development for ages three through twelve. The children receive creative and educational experiences, field trips, weekly movies, and many other enrichment activities. In addition, we provide a full range of services of health care, nutrition, dental care and screening, vision and hearing screening, child behavior and development with parenting education and resource availability for the entire family.

Programs offered include full and part time child care, a Nursery School Program open to children of non-working parents, a Seven-Upper Program for school children before and after school and during vacation, individualized special needs for handicapped children or those in protection from abuse and neglect. For the fourth year we are sponsoring a network of licensed Family Day Care Homes receiving federal reimbursement from USDA by serving nutritious meals and snacks while providing care for children of working parents in their homes. We currently have 26 homes under this program.

The total budget of the Inter-Lakes Day Care Center for 1988 is \$193,354. Of this we will be receiving in tuition paid by parents \$128,254, \$7,200 from N.H. Child Care Food Program (USDA), \$7,700 from N.H. Child Care Food Program (USDA) for sponsorship of Family Day Care Homes, and \$4,000 from Lakes Region United Way. This also includes the following: \$46,200 of which \$27,000 is Title XX and \$19,200 which must be raised in local funding under Title XX.

Area residents are cordially welcome to visit the Inter-Lakes Day Care Center and Nursery School at 11 Lang Street in Meredith.

CENTRE HARBOR PLANNING BOARD
ANNUAL REPORT

Your Planning Board had a very active 1987. The activities were so numerous that nine extra meetings had to be scheduled in order to accomplish the requests presented.

It was gratifying to have substantial public interest on several occasions. Unfortunately, most of our meetings are held without the support or input of the citizens of the town. The Senter's Market Site Plan Review received the greatest interest and required the most time. We also held a joint meeting with the Meredith Planning Board in an attempt to resolve differences occurring with the subdivision of the Lewis Eyster property involving the intersection of Meredith's Keyser Road and the Tuttle, Norris Bartlett Roads in Centre Harbor.

Reverend Chalmers Coe resigned from the Board for personal reasons. We thank him for his service. The Planning Board has been expanded with the addition of alternate members Don Leavitt, Sheila Mohan and James Bascom. We welcome their input and dedication to the town.

Our thanks go out to the voters for their support of the changes to the Zoning Ordinances, to Ken Sorlien of the Lakes Region Planning Commission for his continuing efforts to keep the Board informed of regional activities that may affect Centre Harbor and, of course, to clerk Joan Taylor who keeps us on target.

Submitted for the Board,

MAURICE R. COLLINS
Co-chairman

LAKES REGION FAMILY SERVICE ASSOCIATION, INC.

AGENCY PROGRAMS AND SERVICES

Lakes Region Family Service Association, Inc. is a social service agency, offering a counseling and a domestic violence program to residents of the Lakes Region. The agency is staffed by Master's level counselors who work in conjunction with a consulting psychologist. The agency is governed by a local volunteer Board of Directors, and has existed in the Lakes Region for twenty-five (25) years.

The agency's family counseling program includes individual adult, couples, child/adolescent/family counseling services. Counseling clients are charged according to a sliding fee scale, and no one is denied services based on inability to pay. In 1986, the agency began offering psychological evaluation services through Leo Sandy, Ed.D. In 1986, we expanded our group offerings to include parenting workshops, which are offered free of charge. The workshop is currently in its fourth series; the format includes teaching child development stages and problem solving skills to participants. Leo Sandy, Ed. D and Gail Mears, CAGS, staff the workshop which has received an excellent response in the community. We are pleased that we have been able to meet the need for a parenting education program in our region.

The agency has also begun offering an Adult Children of Alcoholics Program, as well as groups for children whose parents are divorced.

The agency has moved increasingly in the direction of providing groups and workshops which require a high level of expertise and knowledge on the part of group leaders. This has meant increased salary costs in order to hire/maintain an experienced staff. This development, coupled with a reduction in our eligibility for third party payments, results in an urgent need for increased town contributions.

Since 1981, Lakes Region Family Service has offered emergency and rehabilitative services to victims of family violence. Our emergency services include a 24-hour crisis line, transportation, advocacy, and a shelter for abused women and their children (The Brewer House). The agency also counsels all members of the violent family and provides a support group for battered women. The shelter for abused women opened in January, 1986 and has served thirty-two (32) women and forty-eight (48) children in the first year. Emergency services to violent families are offered free of charge.

Residents of Centre Harbor are served by both our family counseling and our domestic violence program as follows:

JAMES E. NICHOLS MEMORIAL LIBRARY

Annual Report of the Trustees

1987

The Trustees have met regularly each month on the third Wednesday at the library. Inclement weather caused January and February to be exceptions.

In March the Trustees voted to purchase the 30-volume set of "Americana", resulting in a much-needed up-dating of adult reference material. The arrival of the set in late April enabled our library to meet State Library Standards.

The librarian and the trustees continue to keep a close watch on the problem of persistent roof leaking. Because attempted repairs have been unsuccessful, the trustees feel that a major renovation will be required.

Because of the amount of sewer tax being assessed to the library, several trustees attended the annual meeting of the Bay District Sewer Commission in April. The discussion there was far from satisfactory, so at the May trustees' meeting it was decided to request an abatement both verbally and in writing. A satisfactory resolution has not been received as of year-end, so the subject will continue to be pursued.

In June, the Librarian and Trustees Simonds and Sorlien attended the first statewide meeting regarding "automation" of all New Hampshire libraries. It is intended to eventually have all library information tied together on computers! Work on this project is under way, but completion to include all libraries is several years away. The "push-button eye" is indeed invading the world of the library.

Trustees Catherine Campbell and Pamela Coe submitted their resignations, which were assepted with regret, and with thanks for their service to the community. Fortunately for the library and the town, Mrs. Barbara Benoit and Mr. Robert Furey accepted appointments and were warmly welcomed by the other trustees.

A new state law has mandated that there be an uneven number of trustees, and it is hoped that a seventh trustee can soon be appointed or elected.

Retired trustee Catherine Campbell graciously donated two beautiful new carpets for the library floors, replacing the old, worn, faded ones. She received the sincere thanks of the librarian and the trustees for her generosity.

A public hearing was held in December by the Board of Trustees concerning their intention to have removed the two spruce trees located in the front of the library building. Proper notice of this upcoming hearing was published in The Meredith News for two consecutive weeks prior to the hearing date, to inform the public. One interested citizen attended. The trees will be removed by a professional tree company in the spring. Replacement, in some manner is intended.

The trustees have received the "Handicapped Access" requirements from the state and, in 1988, will give due consideration to the needed changes to the library building.

CENTRE HARBOR FIRE DEPARTMENT

1987

The response record of the fire department shows 208 runs for the year 1987. While only seven of these were for structure fires, the number of vehicle accidents jumped to 36, and calls for medical aid to 84. Readers might be interested to know that since last year, all new radio equipment has been installed at the dispatch center in Laconia, and most of the calls in the 32 towns are handled by computer. This "state of the art" system provides the dispatchers with the many details needed whether they are working a fire or any other emergency. By the way, the number is still 524-1545. Do you have a fire department sticker on your phone?

Because wood heating is on the rise, a few thoughts on wood stoves and chimneys may be apropos. The location of a wood stove in a dwelling is usually dictated by the location of the chimney. Notice that all the older homes in the area have central chimneys because a centrally located chimney will give maximum heat spread to the living area. Also notice that most of the newer homes with their outside end chimneys are not designed to be heated by wood stoves.

None the less, whether in an old home or a new one, the most important consideration in installing a wood stove is the proper clearance between the stove and any combustible surface. The N.F.P.A., (National Fire Protection Association) sets the distance of 36" front, sides, and back to be proper, and 18" to the bare floor if no fireproof pad is in place. These distances to front, sides, back, and below can be reduced by the use of fireproof barriers. The most commonly used materials are brick, cement board, and metal. The key here is to be certain to build in a two-inch air space between the protective shield and the wall or floor. It is the air space that does the job!

The next things to consider are the flue pipe, the chimney connection (thimble) and the chimney itself. The flue pipe should have 18" of clearance from any combustible surface whether wall or ceiling. (The rule of thumb is three times the diameter of the pipe.) The flue pipe connection to the chimney is an extremely hazardous spot. Where the flue pipe engages the thimble, 18" is the recommended distance in all directions with absolutely no combustibles within the area. The thimble itself should be made of either heavy gauge metal or flue tile.

Chimneys are found in all degrees of repair from just about perfect to horrible and life threatening. Those built since 1984 come under the state fire code and should have been inspected as they were being built, and thus O.K. (Some are not!) Many chimneys built before 1984 and back into the last century present problems for the home owner and the fire department. Your fire department strongly suggests that if you are not certain of the condition of your chimney that you have it inspected by a reputable stone mason before hooking up your wood burning appliance.

All wood burning produces creosote which accumulates in chimneys and causes chimney fires. Heavy amounts of this dangerous hydrocarbon can burn at temperatures exceeding 2000 degrees fahrenheit. The damage done by a single chimney fire can be very costly. It all depends upon the creosote build-up, the availability of oxygen to the fire, the condition of the chimney, and the duration of the burn before the fire department arrives on the scene. In masonry chimneys, intense fire can cause cracking of the tiles as well as heat transfer to impinging combustible surfaces. After a chimney fire, it is a good idea to have the flue inspected by a stone mason before using it again. The best policy with wood stoves and fireplaces is routine inspection and thorough cleaning on a regular basis.

For many months now, the fire department has been working on specifications for a new attack truck. Fire vehicles are very costly, and since most of the firefighters themselves are taxpayers, every effort is being made to keep the cost down. However, new equipment must meet set standards in order to be rated as capable of doing the job. The men of the fire department are committed to the protection of life and property, and they train regularly with this one objective in mind. It is the responsibility of the town to provide the tools to do the job. The bottom line is this...This community will receive the level of fire protection that it is willing to pay for! The manpower is for free.

Many, many thanks go out to our Mutual Aid neighbors who are always there and ready to roll when the alarm goes down. Certainly, Mutual Aid is the greatest thing to hit this area since high button shoes!

Please remember this: Whether for fire or any other emergency, if you think you need help, you probably need it now. Never hesitate to call 524-1545 and set the wheels in motion.

We're at your service.

Lew Woodaman, Chief, CHFD

REPORT OF TOWN FOREST FIRE WARDEN
AND
STATE FOREST RANGER

Between July 1986 and June 1987, we experienced fewer fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest tax law may be violated, call your Forest Fire Warden, or Concord Forest Protection Headquarters at (603) 271-2217.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

Dear Selectmen:

The 1987 totals of the number of animals brought to the N.H. Humane Society shelter from your town are as follows:

By your Animal Control Officer:		
Dogs and puppies: 12	Cats and kittens: 12	TOTAL: 24
From Local Residents:		
Dogs and puppies: 24	Cats and kittens: 33	TOTAL: 57
Non-Domestic Animals: 2		

Total number of all animals received: 83

We are enclosing a copy of the report on all towns that used the shelter facilities and services in 1987. Your Society's shelter has been inspected and licensed by the State and fulfills your licensed dog pound requirements. It also complies with RSA 442-A, the Rabies Control Act for holding stray dogs.

Every town has stray animal problems. We encourage your town and especially your Animal Control Officer to use our services more in 1988.

Sincerely,

FRITZ T. SABBOW
Executive Director

TOWN OF CENTRE HARBOR
PARKS AND RECREATION DEPARTMENT

The first event of the Parks and Recreation Department in 1987 was a skating party at the rink on January 31st. About 20 children participated and enjoyed skating and hot chocolate.

On April 19th an Easter party was held with games, an Easter egg hunt, relays and refreshments. About 40 children attended.

The Parks and Recreation Department planned both the Memorial Day and Fourth of July parades. The Inter-Lakes High School Band provided the music for the Memorial Day parade, and this year the Marshall family provided marching music.

The annual foot race on the Fourth of July drew about 250 participants who competed in the two-mile, five-mile and children's races. The festivities for the Fourth were concluded with a magnificent display of fireworks over the lake.

The summer program sponsored by the Parks and Recreation Department included local and summer children. For eight weeks they participated in bike and foot hikes, tennis lessons, arts and crafts, volleyball and swimming.

The Red Cross swimming lessons were offered at the town beach, and 109 children were enrolled. These included pre-beginner, beginner, intermediate, advanced and life-saving. Unfortunately, many children were turned away from the lessons because there was not room in the classes. Four lifeguards rotated duty at the town beach.

1987 saw a few improvements at the new recreation area up on Route 25B and Route 3. A rules sign was erected at the tennis courts, benches were added, the softball field was seeded, and a backstop was installed.

On October 31st a Halloween party was held at the Municipal Building. About 50-60 children participated in the haunted house, games, apple dunking, costume parade, a cut-out jack-o-lantern contest and refreshments.

A Christmas party was held on December 19th when small ceramic ornaments were painted and popcorn strung for the tree. A fir balsam was set on the library lawn and lighted at dusk to finish the Christmas preparation.

Many thanks are given to the firemen and other members of the town who always give their support and enthusiasm for the Recreation Department.

REPORT OF THE CONSERVATION COMMISSION

1987

This past year your Commission once again spearheaded the testing of water quality in Centre Harbor Bay of Lake Winnepesaukee. This project was under the direction of Commissioner Duke Kline with the valuable assistance of Commissioner Ingrid Smith. Cost of the water analysis work performed by the University of New Hampshire's "Fresh Water Biology Group" was shared by Moultonborough's Conservation Commission. The report from UNH regarding our 1986 testing is available for public review at our Town Hall. Volunteers for our 1988 water quality sampling program should contact Duke Kline, P.O. Box 10, Centre Harbor, N.H. 03226; phone 253-7633.

Our project of sponsoring one or two teen-age (13 through 18) Centre Harbor students to attend the New Hampshire Youth Conservation Camp was again under the direction of Commissioner Mrs. Thomas Power, RFD #1, Box 101, Centre Harbor, N.H. 03226; phone 253-9504. Our scholarship grantee in 1987 was Shawn M. Welch. Any family interested in the 1988 camp might contact Shawn regarding his experiences--or perhaps the 1986 attendees Hans Larsson and Danny Maltais.---and of course contact Sue Power for more information about the June, 1988 camp.

Your Conservation Commission actively pursued having an area-wide Household Hazardous Waste Cleanup in 1987. Using Executive Director Koulet and facilities of the Lakes Region Planning Commission for detailed and complicated arrangements and contracts with the State of N.H. and an EPA licensed hauler company, and with special educational guidance from Mrs. Barbara Hunter of the Belknap County Extension Service of the University of New Hampshire, such a cleanup was held at the Meredith Public Works garages on Saturday, August 29, 1987. Of the 32 towns in the Lakes Region Planning Commission's jurisdiction, only 6 towns were environmentally concerned enough to participate, but people of those 6 towns delivered over 2,000 gallons of hazardous chemicals such as oven cleaners, metal polishes, flashlight batteries, oil paints, pesticides, paint thinners, used motor oil, old medicines, etc. Two sites were used: Alton for towns of Alton and Gilford; Meredith for their town plus Centre Harbor, Sandwich and Moultonborough. Meredith's cooperation was marvelous, and we particularly thank Fire Chief Fred Copp and Town Manager Eric Meserve for their service. Also, we especially thank Centre Harbor volunteers Harold Bernt, Walter Kneeland and Pete Sorlien for their valuable assistance on a miserable rainy day! Additional thanks must go to Centre Harbor's Eloise Coudert, President of the Laconia-Gilford League of Women Voters, and to the Moultonborough Grange, and to the Sandwich Conservation Commission for providing extra funds so we could make a house to house direct mailing.

The next "Household Hazardous Waste Clean-Up" is scheduled for Sat., June 11, 1988. Be aware- be ready!

In conjunction with the Centre Harbor-Meredith incinerator closing and the transfer of our solid waste to a "trash-to-energy" plant in Claremont, N.H., the Conservation Commission has been asked to particularly help to keep old household batteries (flashlight, smoke alarm, transistor radio, toy, etc.-not auto) out of the trash you take, or have picked up to be taken, to Meredith. Special buckets to receive old batteries are in our town's stores and at the Town Hall. Please co-operate!

During 1987 many applications to the State Wetlands Board for permits to build docks and/or to dredge or fill land or water areas were received and all were investigated by the Conservation Commission. Because of the number of errors made on these applications, it is suggested that anyone proposing to make an application should contact Ken Sorlien via the Town Office, or at 253-4898, for assistance.

The Conservation Commission is pleased to welcome Harold Bernt as a new member in 1988.

Assistance or suggestions are always welcome.

THE LAKES REGION ASSOCIATION

Report of the Executive Secretary

The program of The Lakes Region Association is one of state, community and private funds all working together. The Association is run by two full time employees and two part time people during the heavy mailing periods. Our Board of Directors of six are all volunteers, receiving not even travel compensation. It is difficult to assess the number of businesses an organization such as ours affects, but it has been proven that a town that attracts two dozen tourists a day throughout the year gains economic results comparable to those brought in by an industry with an annual payroll of over \$100,000.

In 1987 our Association published its 50th Anniversary Edition of the WHERE TO IN THE LAKES REGION booklet. We are the oldest organization of our type still doing business under the original format. Proving "if it's not broke don't fix it"..

We are a non-profit agency set up to encourage the economy of the Lakes Region of New Hampshire. The participation of the communities in our program is a most important link in accomplishing the goals mandated to us. The concept of the Regional Association is a good one, and we hope your community will continue to support our efforts.

THE LAKES REGION ASSOCIATION

Executive Secretary
